Procon, Inc. Receives Carlisle SynTec Systems' 2016 Perfection Award

Selected based on high-quality installations and excellent warranty claim performance.

(CARLISLE, PENNSYLVANIA) – Carlisle SynTec Systems, a leading manufacturer of single-ply roofing materials, recently honored Procon, Inc. with its 2016 Perfection Award. Each year, Carlisle presents this award to a small percentage of its top contractors.

Perfection Award recipients are selected based on a history of exceptional installation quality and excellent warranty claim performance. This award is Carlisle's way to acknowledge and thank contractors for whom perfection is the highest priority.

“Carlisle appreciates contractors who are committed to providing top-quality workmanship,” said Nick Shears, Carlisle's Vice President of Sales and Marketing. “Contractors who receive Carlisle's Perfection Award demonstrate their dedication to excellence on each and every installation, and Procon, Inc. exemplifies this philosophy,” Shears continued.

The Perfection Award is a distinction that recognizes the top tier of Carlisle's contractors annually. To qualify, contractors must complete a minimum amount of warranted work and number of jobs per year. Recipients are then selected based on installation quality and warranty claim performance.

About Carlisle SynTec Systems: Carlisle SynTec Systems, headquartered in Carlisle, Pa., has been manufacturing single-ply membrane roofing systems for more than half a century. Carlisle SynTec Systems is a business segment of Carlisle Construction Materials Incorporated and has manufacturing facilities in Carlisle, Pa.; Greenville, Ill.; Senatobia, Miss.; and Tooele, Utah.
